

eBooks Now Available!

We are excited to announce that the Public Libraries of Johnston County have partnered with 3M to bring you free electronic books (eBooks). As outlined in our unified strategic plan, we are committed to bringing you access to a wide variety of materials and experiences to enhance your leisure pursuits. Adding eBooks to our collection is just one example of how we are living up to this commitment in a big way.

Supported Devices

You can access our new eBook collection on the following devices: iPhone, iPad, iPod Touch, Android phones, Android devices, Nook Tablet, PCs, Macs, Kindle Fire, Kindle Fire HD, and Kindle Fire HDX. Nook eReaders and Kobo eReaders are also supported using the PC and Mac Apps through a download and transfer process.

3M Cloud Library App

Head over to ebook.3m.com for more information and device-specific instructions, or just download the free 3M Cloud Library App from the iTunes App Store, the Google Play Store, or the Nook Storefront. Kindle Fire owners will need to download a Kindle-specific app at slideme.org. The PC and Mac Apps are available at ebook.3m.com.

How it Works

Patrons can access up to 3 eBooks simultaneously on multiple devices for the duration of their 21-day check-out period, and no overdue fines will accrue as the eBooks will be automatically returned on their due date. Reading location and notes will sync across multiple devices. If a title is currently checked out, you may place a hold on that item, and you will be notified when it becomes available.

Support

Please note that in order to access the 3M Cloud Library, your library card must be free of any fines, fees, or overdue items.

If you have trouble accessing our eBook collection, please click the Support tab at ebook.3m.com. If you can't find a resolution to your issue there, call or stop by your local Johnston County Library for assistance; we'll be glad to help! Visit www.jocolib.org for locations and contact information.
